

# DOUBLE POCKET MINIGRIP BAGS BIO-BASED

minigrip®

LABELIANS and our partners are committed to **environmental care, users, and samples safety**

Two reasons to choose bio-based solutions:

- ◆ Better management of fossil raw materials industrial use
- ◆ Less waste and environmental impact through higher recyclability

The minigrip range now offers a new ecological option that carries certifications from two organizations :

- ◆ cyclos -HTP label for **recyclability**
- ◆ TÜV Austria OK biobased to attest a significant share of **renewable raw material** in its composition

With a 60um thickness and a reclosable zipper, the minigrip bio-based is **reusable**

**Perfectly suitable for food contact**

Bio-based bag is made of a **certified renewable and recyclable source** - e.g. cane sugar

Item code	Dimensions (mm)	Double pocket height (mm)	Color	Minimum Order Quantity (MOQ)
SDPBIO1218	120x180	125	Natural	800
SDPBIO1518	150x180	160	Natural	800
SDPBIO1622	160x220	160	Natural	800
SDPBIO2030	200x300	250	Natural	800
