

***Concentrated glucose solution 50g/ 200 ml - Orange flavor***

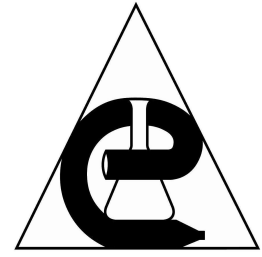

<b>Ingredients</b>	<b>Concentration</b>	<b>Function</b>
Glucose	250g / l	
E330- Citric acid	According to UE directives concerning to aproved food additives and their concentrations	Preservative
Orange flavour		Flavour
E 211- Sodium benzoate		Preservative
E 954- Saccharin		Sweetner
E 110- Sunset Yellow FCF		Colourant
E 102- Tartrazine		Colourant

***Concentrated glucose solution 75g/ 200 ml - Orange flavor***

<b>Ingredients</b>	<b>Concentration</b>	<b>Function</b>
Glucose	375g / l	
E330- Citric acid	According to UE directives concerning to aproved food additives and their concentrations	Preservative
Orange flavour		Flavour
E 211- Sodium benzoate		Preservative
E 954- Saccharin		Sweetner
E 110- Sunset Yellow FCF		Colourant
E 102- Tartrazine		Colourant

***Concentrated glucose solution 100g/ 200 ml - Orange flavor***

<b>Ingredients</b>	<b>Concentration</b>	<b>Function</b>
Glucose	500g / l	
E330- Citric acid	According to UE directives concerning to aproved food additives and their concentrations	Preservative
Orange flavour		Flavour
E 211- Sodium benzoate		Preservative
E 954- Saccharin		Sweetner
E 110- Sunset Yellow FCF		Colourant
E 102- Tartrazine		Colourant

***Concentrated glucose solution 50g/ 200 ml - Lemon flavor***

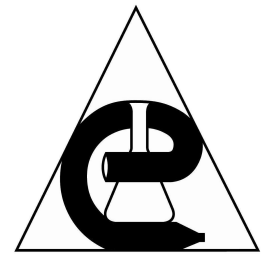

<b>Ingredients</b>	<b>Concentration</b>	<b>Function</b>
Glucose	250g / l	
E330- Citric acid	According to UE directives concerning to aproved food additives and their concentrations	Preservative
Lemon flavour		Flavour
E 211- Sodium benzoate		Preservative
E 954 - Saccharin		Sweetner
E 132 -Indigo carmine		Colourant
E 102 - Tartrazine		Colourant

***Concentrated glucose solution 75g/ 200 ml - Lemon flavor***

<b>Ingredients</b>	<b>Concentration</b>	<b>Function</b>
Glucose	375 g / l	
E330- Citric acid	According to UE directives concerning to aproved food additives and their concentrations	Preservative
Lemon flavour		Flavour
E 211- Sodium benzoate		Preservative
E 954 - Saccharin		Sweetner
E 132 -Indigo carmine		Colourant
E 102 - Tartrazine		Colourant

***Concentrated glucose solution 100g/ 200 ml - Lemon flavor***

<b>Ingredients</b>	<b>Concentration</b>	<b>Function</b>
Glucose	500 g / l	
E330- Citric acid	According to UE directives concerning to aproved food additives and their concentrations	Preservative
Lemon flavour		Flavour
E 211- Sodium benzoate		Preservative
E 954 - Saccharin		Sweetner
E 132 -Indigo carmine		Colourant
E 102 - Tartrazine		Colourant

***Concentrated glucose solution 50g/ 200 ml – Cola flavor***

<b>Ingredients</b>	<b>Concentration</b>	<b>Function</b>
Glucose	250g / l	
E330- Citric acid	According to UE directives concerning to aproved food additives and their concentrations	Preservative
Cola flavor WA+150d		Flavor
E 211- Sodium benzoate		Preservative
E 954 - Saccharin		Sweetner

***Concentrated glucose solution 75g/ 200 ml - Cola flavor***

<b>Ingredients</b>	<b>Concentration</b>	<b>Function</b>
Glucose	375 g / l	
E330- Citric acid	According to UE directives concerning to aproved food additives and their concentrations	Preservative
Cola flavor WA+150d		Flavor
E 211- Sodium benzoate		Preservative
